# Biography

**Grapefruit is Impossible** is a six-piece Canadian band from Victoria, BC playing a fusion of original jazz and hip-hop music with technical instrumentation and uncontrollable enthusiasm. The band's goal is to have as much fun as possible, and to create an open, unique live show that is impossible to resist. With fantastical songs like "*Grandma's House*" and "*Strategically Shaved Bears*", G.I.I. will happily show you how exciting and accessible their zesty jazzy-hip-hop music truly is.

A fat, funky fruit with a whole lotta tang, a little somthin' called doin' their thang. Grapefruit comes full circle by introducing the building blocks of Hip-Hop (Jazz, Funk and more) into the band with exceptional live instrumentation guaranteed to get you movin'.

**Gus Verstraten**

***Owner of Earth Rhythm Productions***

Grapefruit Is Impossible offers a fusion of funk, RnB, Jazz and Rap in an irresistible manner. Their music is fresh and exciting and I love what they're bringing to their performances! Victoria can be proud of this band.

**Miles Meechan**

***Musician and Local Personality***

Grapefruit Is Impossible! They are the Groovecats of Victoria, the Funkmasters of Jazz, and my constant inspiration to be a better musician than I was yesterday. I'm honoured to call these humans friends.
